

We are looking for a committed colleague to join our

Work scheduling

As a team member of our work scheduling department, you will be responsible for drawing up the work plans. You will also create stocklists for price and material costing, look after the creation, fixing and modification of all article master data and add to the production stocklists.

Your profile:

- You will have completed training (e. g. HTBLA for fashion and clothing)
- Work experience in a similar position
- Clear numerical understanding
- Refa knowledge would be an advantage
- Precision
- You will have good German and English communication skills.
- Very good Office user knowledge
- You will be used to working independently, but you also feel very comfortable in a team.

What we can offer you:

- An uncomplicated and dynamic working environment and a pleasant working atmosphere characterised by mutual respect.
- Respect and appreciation are a matter of course for us. We are always looking for the best candidate for our company - regardless of age, gender, origin, etc.
- The collective agreement for the footwear industry (usage group III) provides for a gross monthly salary of € 1,661.00 for this position. The actual salary will depend on your qualifications and experience.
